I accepted the voluntary expenditure ceiling. Campaign signs, glossy mailers, special interest endorsements should not lead to more votes. Residents are sophisticated intelligent voters. Elected officials are public servants and should not become professional politicians, catering solely to special interests and campaign donors. I seek term limits with fair and equal representation of neighborhoods as a canyon resident. Elect 'Resident First' candidate to promote 365 Dog Beach and resident free parking permit.

I am a grassroots, environmentalist independent candidate and fiscal conservative. I do not support incurring massive debt by increased taxation to fund Bonds, except for dire natural disaster. Increased taxation creates a financial encumbrance and burden for our middle class, seniors on fixed incomes and struggling artists. Cast your vote for economic diversity, by electing a voice that represents common sense with practical solutions to the issues. I lead by example with my varied past and present contributions, activism and volunteer community involvement with the following organizations: Laguna Canyon Conservancy, Board; Laguna Ocean Foundation, Docent; Laguna Beach Taxpayers Association, Board; Laguna Canyon Taskforce, Member; Laguna Beach Beautification Council, Board; Canyon Alliance Neighborhood Defense Organization, LCR Zoning Committee; Certified Community Emergency Response Team, Graduate; LBPD Citizens Police Academy, Graduate; and Leadership Laguna, Graduate.
